

College of Radiologists, Singapore

Singapore Radiological Society

CEUS Seminar 2010 1st Announcement!

Date: 18th September 2010 (Saturday)

Location: DDR Conference Room

Singapore General Hospital

Time: 12 noon – 1pm (Registration / Free Lunch)

Commencement of the seminar from 1 pm onwards.

CEUS Seminar 2010 to be hosted by College of Radiologists, Singapore and Singapore Radiological Society on 18th September 2010. In this seminar, we will hear insights on the clinical use of contrast enhanced ultrasound as an important diagnostic imaging procedure for various clinical applications from both local and overseas experts such as Dr Bokor Daniela, Dr Albert Low, Dr Chea Yen Wei, Dr Wansaicheong Khin-Lin, Gervais and Dr Lim Sze Ying.

Seminar Highlights

1. The Basics of CEUS

2. CEUS Clinical Cases:

- ✓ Pancreas pathologies
- ✓ Abdominal trauma
- ✓ Vesico reflux in children
- ✓ Transcranial doppler
- ✓ Tumor response to neoangiogenesis treatment
- ✓ Tumor perfusion
- ✓ Post Endovascular Aortic Repair
- ✓ Chronic inflammatory disease like Crohn disease or Rheumatoid arthritis.
- ✓ Liver Imaging
- ✓ Kidney Imaging

3. CEUS Techniques and Trouble shooting Tips (Practical Session)

CEUS (Contrast Enhanced Ultrasound)

Contrast Enhanced Ultrasound is a new ultrasound modality which allows physicians to evaluate in real time both macro and microcirculation. Consequently CEUS may be extremely useful for diagnosing any type of pathological condition characterized by a change in microcirculation such as inflammation, tumoral neoangiogenesis, ischaemia. The use of this new modality has been recognised by the European Federation of Societies in Ultrasound and Medicine (EFSUMB) which has issued recommendations for the use of CEUS in routine practice. A number of clinical studies are ongoing to validate the clinical use of CEUS in other clinical application. Its invasiveness and economic cost are lower compared to other imaging procedures, excluding ultrasound.

As seats are limited, please register early.

Supported through an educational grant from:

CEUS Seminar 2010 (18th September 2010) Registration Form

- This seminar is intended for healthcare professionals only and registrations from industry representatives will be declined.
- This seminar is offered free of charge
- Please register early as seats are limited.
- Deadline for registration 9th September 2010
- CME points will be awarded
